NO OBJECTIONS VOICED IN HILLSIDE BOULEVARD ANNEXATION PROJECT

Shortcomings Of City Water System To Be Investigated

The stage was set Monday night for abandonment of one portion of Daly City and annexation of another section, when the city council met in caucus at the city hall.

No objections were voiced at the pre-caucus hearing on annexation of two blocks on Hillside boulevard, lying between Thiers street and Gambetta. According to the council, an ordinance for annexation of the area will be introduced at next Monday night's open session.

Installation of water facilities in the Edgemar street area due for abandonment was discussed during caucus with subdividers who intend to develop there.

Outgrowth of this discussion was a contemplation of the shortcomings of the entire city's water system, and the inadequacy of its water sources. The council asked for a recommendation from R. A. Klassen, city engineer.

CORRECTION

In last week's edition of the Record, a front page story erroneously stated that Alvin W. Wright, of San Francisco, had been arrested and charged with drunkenness in and around an auto.

A check of the story reveals that actually, Wright's automobile was damaged in an incident which led to the arrest of Donald F. Long, 961 Dolores street, San Francisco, on that charge.

Appearing before Municipal Judge William J. Sweeney last Frday, Long pleaded guilty as charged, and was penalized to the tune of $50. Wright was an innocent bystander.

Baby Daughter Born Monday To Tom Tromborgs

A week ago, Thomas Tromborg sr. would have been flattered no end to be told he could pass for Tom jr's older brother. But today he would deny it emphatically.

The thing that inflates Tom sr's chest this week is the fact that he's one of the youngest grandfathers in town. Young Tom, following in his father's footsteps, is a father at the age of 19.

Object of her father's and grandfather's pride is three-day-old Sherilyn Eleanor Tromborg, who was born to the former Lucille Shreve at 11:40 a.m. Monday. The young lady weighed in at six pounds even, at Mary's Help Hospital in San Francisco.

On the very same day that Sherilyn bowed into the world — in fact in the very same hospital—her grandmother, Mrs. Tom sr., underwent a major operation. Both dispositions were handled by Dr. R. Paoli, who spent the morning tending to the medical welfare of the Tromborg family.

Besides the Tom Trombogrs sr., young Sherilyn has another proud grandparent — Mrs. Inez Shreve, also of Daly City.

Damage Suit Filed Against Stoneson Corporation

A suit for damages allegedly inflicted by operations of the Stonecrest Corporation in the unincorporated area south of Daly City was filed recently by Robert Avery and Nellie T. Williams, proprietors of the Buffalo Bill Riding Academy.

The suit, filed in superior court May 26, charges the corporation and Ellis and Henry Stoneson with causing damage to the Williams property and with interfering with a legal right-of-way through the Broadmoor area.

The plaintiffs allege that in grading the Broadmoor tract, which borders the Williams land on three sides, the defendants constructed a 15-foot-high dirt wall on two sides, removing a stream which had served as a rainwater drain, making no alternate provision for flood control and causing the plaintiffs' property to be flooded by rainwater.

The Williams charge further that the defendants interfered with their right-of-way to School street by erecting residences in direct obstruction of the road.

In the complaint, the Williams ask that the court order Stoneson to provide an alternate water disposal facility to prevent further flooding; to award the plaintiff $10,000 in payment for discomfort and annoyance allegedly resulting from the defendants' actions, $5,000 for property damages resulting from flood, $3,000 for interference with the right-of-way, and an untold amount for loss of business profits allegedly caused by the defendants' actions.

The suit was filed through Thomas L. Bocci, of Fahey, Bocci and Gallen.

RECOUNT REQUEST DENIED; FILED AFTER DEADLINE

Edward J. Dennis, four - year member of the Daly City council, today lost his fight to regain his seat on the city's governing body.

Superior Judge Aylett R. Cotton denied Dennis' request for a recount on the grounds that his petition had been filed too late.

Dennis filed his request for a recount on May 12 — 29 days after the city election in which he was defeated by Fred Bertetta on a 12-vote margin. In his petition, the incumbent councilman charged various election officials with derelict handling of ballots and with incorrect tallying.

The recount hearing lasted only a short while Thursday morning, while Attorneys Wayne Millington and Frank Blum, representing Dennis, argued with Bertetta's counselor, Gerald Wagstaff, over a statute which provides a 20-day deadline for filing recount petitions.

Local spectators at the hearing included Councilmen Melford Battye, Edward Mooney and Mayor Anthony Gaggero, George Kirchhubel and Arnold Panella, among others.

It will take the scouts and scouters to a region near Clear Lake. A 4-H camp will be the camping site, where all necessary facilities are provided.

All are looking forward to a successful camping trip, as well as a fine vacation. The scouts will leave Daly City June 19, and will return June 25. The scout leaders are Ralph Capps, scoutmaster, and Martin Pahlka, assistant scoutmaster.

$4,000 Fire In Garden Village Early Wednesday

A frame and stucco residence at 121 Garden Lane, in Garden Village, was smoke-blackened and water-soaked today after an early morning fire Wednesday which reportedly caused $4,000 worth of damage.

The Daly City and Colma Fire Departments responded en masse at 4:30 a. m. Wednesday, while fire whistles and sirens screamed for fully 10 minutes, rousing the community from its sleep.

Only resulting casualty of the fire, which broke out from an unknown origin while the residents slept, was an arm injury sustained by Charles O. Morgan, owner, when some shot gun shells in his attic caught fire and exploded. He was taken to Junipero Serra Hospital for treatment.

Foundation Work For Fiesta Bldg. Now Underway

Work on the foundation for the San Mateo County Fiesta's exhibits building was in progress, this, week, and bids had been called for construction of the 70,000-square-foot structure.

Adam Arras and Son, San Francisco contractors who had entered the low bid of $15,675, were at work on the foundation of the $350,000 Fiesta project, and Norvel Gillespie, general manager of the Fiesta, had authorized the county purchasing agent to call for construction bids.

Gillespie said he hoped the building would be sufficiently completed by August 10 to be employed in this year's fair.

Bids for the general contract and for 14 sub-contracting jobs will be opened by the board of supervisors June 15. The building, designed by Architect Oscar Thayer of Burlingame, will be erected just north of the Bay Meadows race track parking area.

Many Members, But Lack Of Equipment Is Great Hindrance

By Bunny Atkinson

We took an hour off from our night-before-pressday duties last eyening and walked over to Miriam street, to sit in on the weekly meeting of the foundling Daly City Boys Club.

As we approached the meeting place, the garage under Jay Johnson's home at 243, we dodged out of the path of a husky youth running interference for a youngster half his size. We stopped to investigate, thinking the crowd of boys gathered there rather large for one football game. It was. Something like 40 youngsters, of all ages and measurements, were playing with one football — the only equipment they had.

Shrugging our shoulders at the method of their play, we walked on into the garage, where nine more youngsters were signing their names to the club's membership roll. They appeared younger than the boys outside, we said, and were informed that the club had changed its rules. Since six weeks ago, when six neighborhood boys had decided they needed a club, the membership had been augmented to 54, and the age limit had been reduced from 13 years to 10. It was inevitable. The younger fellows wanted to join. They'd been turning out in droves.

At 7:30 sharp, Jay Johnson, the club's senior director, walked out to the street — executed a neat catch with the flying pigskin, and was followed into the garage by 40 youngsters who, when they were seated on the flatbed of a parked truck and on boxes lining the walls, crowded the place beyond its capacity. Miraculously, the building was hushed when 19-year-old President Francis Stone opened the meeting. And the respectful quiet prevailed through the brief reports of the secretary and treasurer. There were now 54 members in the club; $3.50 in the treasury.

George McLeod, 13-year-old captain of the club's new baseball team, took the floor to announce that a practice game would be held Saturday morning at Marchbank. Assistant captains Paul Hopkins and Curly Stone would be there, and final team tryouts would be held.

"And please come out, fellas! We have nobody at all on the bench."

McLeod got a good response. His boys won 9-7 over a Brisbane sandlot team last Saturday, after borrowing two men from their opponents. Only trouble is, the club owns not a single ball, bat or mitt. They use the visitors' equipment, or what makeshift stuff the boys can provide. The kids don't pay dues — they earn their treasury funds by selling papers and rags and junk. And what little they collect isn't enough to buy equipment. The only luxury their baseball team has, in fact, is eight-year-old Ronnie Molina, their wiry, curly-headed bat boy. Ronnie is an honorary member.

The boys' club boasts several honorary members and a fine staff of directors — but no financial sponsors. Police Sergeant Roy Beecher and Officer Dean Wood are directors; attend meetings when they can, and act as advisors. Wood will be starting a first aid course soon. Patrick Gallagher, an electrician, teaches them with what equipment is available in Johnson's workshop, and Johnson instructs them in woodworking, as well as baseball. Pat Urquidez, a garage mechanic, and Ernest Herbstritt, a junk dealer, have promised them boxing instructions. Everett Gray, a local paint manufacturer, lends his counsel, and Lloyd Selmi, proprietor of the local Spudnut Shop, provides their lunches and acts as moral advisor.

Among their honorary members are listed Jack McDonald, KYA sports announcer, and Charley Graham, San Francisco Seals president, who has promised them a supply of baseballs. Chief honorary member, of course, is Nell Johnson, who keeps their books; feeds them; advises and comforts them, and entertains tens of them at a time in her cozy sitting room.

The boys are happy with their club; they have a good membership — an ever increasing one. They've made scores of new friends, and never lack for something to do. Their only problem now is somewhere to go, for the ill-equipped garage under the Johnson home is no substitute for a clubhouse.

The boys' first wish is just that. They want and need a clubhouse, equipped with some scant measure of facilities for recreation. A basketball that doesn't leak would be more than prized, and oh, what the team would give for a couple of bats and mitts.

We thought, as we walked the distance home last night, that it wouldn't take much individual effort if every adult in town would contribute just a bit — a discarded baseball mitt, an out grown pair of spiked shoes, an unused pair of boxing gloves, a basketball.

And all those small donations would add up to a whole lot of enjoyment for the boys.

We thought too that some influential person or group was bound to see the advantage of the Daly City Boys Club; the number of potential citizens whose hands and minds it keeps busy. And that somehow, the boys would get their clubhouse.

Lovchen Gardens Raid Nets $1,000 For Armed Robbers

Theft of approximately $1,000 cash in an armed robbery at Lovchen Gardens was confirmed this week by the San Mateo County sheriff's office.

The holdup was perpetrated early Sunday morning by five masked bandits, armed with pistols and a shotgun. Loot was taken from 25 customers at the bar, and from the cafe's cash register.

According to Chief Deputy Walter Moore, neither the proprietors, Al Barlei and Mo Venturini, nor the patrons reported the robbery to the sheriff's office. Its occurrence was learned at about 6:30 a.m. by Deputy Sheriff Everett Heagney, he said, and confirmed later when Deputy Sheriffs Jack O'Brien and Milton Minehan investigated.

According to the proprietors' story, as told to the sheriff's office, the bandits entered the bar about 2 p.m., announcing the stickup. Displaying four pistols and one shotgun, they lined the customers up along the bar and ordered them to produce their wallets. Approximately $1,000 was taken from the patrons, and some $80 from the cash register, before the holdup men backed out of the cafe.

Jeff Hi Grads To Receive Diplomas In Wed. Exercises

Superintendent Stanford Hannah, bidding adieu to his eighth graduating class, will award honors to those talented students whose work was deemed outstanding, and confer diplomas on the 105 or more youngsters who, for the first time, will be endowed with the privilege and burden of deciding their own lots.

Throughout the program of farewells and congratulations will flow a current of music, presented by the high school band and by individual performers. The Rev. Dan Lynch will deliver an invocation to the ceremony, and the Rev. William Harberts, a benediction.

As in past commencements at Jefferson High, the board of graduates will swarm over the front lawn after the ceremony — excited over their prospective futures, but reluctant to say goodbye.

School Board Is Considering Seven Supt. Applicants

Final payment for the purchase of 6½ acres for a school site in Garden Village was authorized Tuesday night by the Jefferson Elementary School District board of trustees, meeting in the administration building.

The board issued a check for $20,500 plus incidental costs, and authorized the title company to complete the transaction on full payment for the property. Total cost of the site was approximately $32,500.

The Garden Village property, which is tabbed for construction of an eight-room building, is only part of the proposed site of the school grounds. On recommendation of the state board of education, the district now is negotiating for 10 additional acres of golf links land.

According to spokesmen for the board, appraisals on a five block site at Hillside boulevard and Market street set its value at approximately $150,000. No decision on its purchase has been made.

A list of seven applicants for the post of school superintendent is being considered this week, according to the board, but no successor to Superintendent R. L. Crane has yet been chosen. The candidate list was narrowed down from 20 applicants.

Bob Silvestri Northern California Golf Champion

Bob Silvestri finally came through after being runner-up in the City Open three years straight, and took over the title of Northern California Amateur Golf Champ.

Colma's Bocci Ball proprietor did so in defeating veteran Ed Lawery 9 and 8 last Sunday at the San Francisco Golf Club. Lowery, who is a U.S.G.A. official, was quoted as saying, "That boy is the best iron player in this area."

The comment came after the heretofore luckless Silvestri had put on a superb exhibition of straight shooting as good as Tom Mix could have done with his six-shooter.

The victory came at the 28th hole after Silvestri had led all the way, coming in five up on the first round, with a one over par 72. Forty-five-year-old Lowery put up a gallant struggle, but Bob was determined not to be a runner-up in this, the Northern California championship.

Silvestri was awarded the Hawley jr. Memorial Trophy, named after the former East Bay star who was lost at sea with the sinking of the carrier Ben Franklin. The Colma man, as readers know, is one of the few survivors of the carrier Luscombe Bay.

Silvestri gained the finals by defeating Cy Pennel 4 and 3 and Leroy Silva, 5 and 4.

Conway, Culligan Retains Lead In Basketball League

At the halfway mark the Conway and Culligan Builders are leading the Jefferson Basketball league with four wins and no losses. Their latest victim was the Visitacion Valley Merchants five, recipients of a 52-38 lacing Tuesday night. It was Conway and Culligan all the way, though they weren't too sharp until the second half. Visitacion Valley's Red Dunn missed several of his favorite shots in the first half, or the score would have been more presentable. Dunn was joined by his field goal twin, Murray, early in the second half and tanked a better percentage but had fewer scoring opportunities. Murray was delayed in the valley and missed the entire first half. Play was stopped late in the first half while a Visitacion Valley player looked for his tooth and Bud Goodier, of Conway and Culligan had his elbow bandaged. "Lefty" Langton and lanky Goodier led the scoring with 19 and 17 markers respectively; and Dunn led the Vallier's with 8.

The second game of the night was a 30 to 25 goodie with the Windbreakers of South City besting Cortesi's five. It was a good game to watch as are all of the Windbreakers' games. They're a scrappy bunch of boys from the South and they play to win. Scoring leaders for the game were De Zordo of the Windbreakers with 10, and Cortesi's "Cookie" Kennedy with 7. Big Kennedy is really something to watch on the court. He lopes around the hardwood like a dangling participle, sort of sloppy and lazy looking until the ball goes near him, then he's a smooth streak of lightning; sort of an Ed Denning on stilts. "Cookie" starred for Santa Clara's outstanding casaba team last season.

In games on the preceding Thursday, Speed Liquor acquired its third win in as many starts, edging the Windbreakers 23 to 21; followed by American Roof Maintenance's 41-38 victory over the Visitacion team.

Speed Liquor's victory may be nullified and the game replayed if it means the championship because it was cut short due to an unexpected delay. The delay came with about four minutes of the first half under the belt, when Michlee of Speed Liquors and the Windbreakers' Barbetti stepped outside to "talk over the game." Upon their return, arm in arm and smiling, play resumed; but the clock had never been stopped. I doubt if it will mean the championship, however, as the best teams are yet to come for the Speed Liquor five.

In the second Thursday night affair both American Roof Maintenance and Visitacion Valley were out for their first win of the league. Though there isn't a poor team in the league, someone has to dwell in the cellar, and American Roofs decided not to be the someone. Domane collected 15 of the Maintenance men's 41 points, and Lawrence led Visitacion with 11 of his team's 38.

Beatrice Moran Weds Ted Davis

Miss Beatrice Moran, daughter of the Leo Morans of 366 Willits street, became the bride of Theodore Davis last Sunday in an impressive white wedding ceremony at Our Lady of Perpetual Help Church.

The rites were performed by the Rev. Adrian McKenna at 2 p.m., before an altar banked with white spring blossoms. Leo Moran gave his daughter in marriage.

The bride, wearing a gown of white satin with long sleeves and a pearl-studded sweetheart neckline, donned a full-length veil which fell over her long train. Her shower bouquet was fashioned of gardenias and white orchids.

Miss Janet Lawrence, maid of honor, was frocked in powder blue and carried pink baby chrysanthemums, while the bridesmaids, Miss Joyce Molino and Miss Lorraine Herold reversed the color scheme in their pink gowns with blue flowers.

Bob Moran, brother of the bride, was best man. Frank Marter and Don Gamba showed guests to their seats.

At the afternoon reception after the ceremony at Little Italy Hall, some hundred guests assembled to congratulate the newlywed Davises. The bride's mother pinned an orchid corsage to her light blue frock.

The young Mrs. Davis, a former student at Jefferson High School, is employed at Schwabacher Frey Co. in San Francisco. Her husband, a native of Arizona, served in the navy during the war and is employed now as an upholsterer. He is the son of Mr. and Mrs. Joel Davis of San Diego.

After a honeymoon trip to Los Angeles and southern California, the newlyweds will make their home in Daly City.

High School PTA Board Has Last Meet Of The Year

The executive board of the Jefferson Union High School Parent-Teacher Association met at the home of the president, Mrs. Mildred McGeein, at noon Thursday, June 3, for a pot-luck luncheon. Variety of food was the order of the day.

A business meeting followed the luncheon, at which time plans for the year were made. A committee was appointed to revise the by-laws of the organization. Work was assigned to members for their annual bazaar, which will take place late in the fall. Other items discussed were the Teachers' Tea in November and the selection of hostesses to take charge of board meetings during the year.

A committee of members served punch at the Senior Ball which was held at the Jefferson auditorium on the night of June 4.

Last Thursday's was the last meeting of the board until the September meeting. The first regular meeting of the unit will be held in October. It will be Fathers' Night, and will be held in the evening.

At the conclusion of the meeting the ladies enjoyed games. Members present were:

Frances Haussler, Mary Wakefield, Tina Hollingsworth, Julia Petersen, Martha Linden, Freida Cady, Stella Filarski, Marge Calvin, Emma D'Isep, Eve Hobbs, Mildred McGeein, Lillian Thomey, Anne Eason, Florence Hopman, Olga Bordson, Betty Kohlbrenner, Catherine Foreman, Ida Hanley, Hilda Heagney, Bryon Jensen, Mary Crane, and Catherine Duffy.

Jack Z. Anderson Returns To Wash.

Congressman Jack Z. Anderson, re-elected by handsome majorities from both major parties at last Tuesday's Primaries, returned to Washington this week.

Unofficial returns gave the popular representative a total of approximately 85,289 votes. This latest victory is the fourth time Anderson has won both Democratic and Republican Primaries. Anderson won without a November contest in 1940, 1942, and 1946.

Before leaving to resume his duties, Anderson expressed gratification with election results. "I cannot say how deeply grateful I am for the overwhelming vote of confidence that has again been given me by the voters of the Eighth District," Anderson declared. "It makes me more determined than ever to pursue those policies on which I based my campaign."

Anderson, a ranking member of the Armed Forces Committee of the House, is chairman of the important Sub-Committee on Procurement and Material.

The Congressman expects to return home in the fall and will reopen his San Jose office.

Janet Schreiber Feted At Party

Eighteen schoolmates at Our Lady of Perpetual Help School gathered last week at the Schreiber home on Knowles avenue to fete young Janet Schreiber on her 14th birthday.

The celebration was held in the social hall, which was decorated in blue and gold.

Guests at the party were Joan Beecher, Pauline Byrne, Marion Elliot, Diane Endres, Jacqueline Frellson, Robert Furger, Gail Goldsworthy, Dianna Gordon, Aileen Greer, Helen Henkerson, Lenore Malley, Shirley Milano, Jean Murphy, Josephine Murphy, LaVerne Nagel, Nancy Rosa, Mary Simmons and Cecelia Sullivan.

New Accident Law Requires Proof Of Responsibility

Under California's new automobile financial responsibility law, which becomes effective July 1, many automobile drivers will have their drivers licenses suspended if they are involved in any accident causing injuries, death, or damage to property of others in excess of $100, and are unable to show proof of financial responsibility to the state, said Walter Rector, local district agent for Farmers Insurance Group.

"It appears," said Mr. Rector, "that in order to promote safety on California's highways and to insure adequate financial compensation to innocent victims of accidents, it was the intent of the 1947 general assembly in passing this law, to strike hard at the reckless and irresponsible driver for the good of the public generally and particularly for the benefit of the safe, careful and responsible driver and pedestrian."

In explaining this law, Rector states, there are two ways in which a motorist can lose his driver's license:

First, by failure to deposit sufficient security following an automobile accident causing injuries, death, or damage to property in excess of $100, and second, by failure to report such accidents to the Department of Motor Vehicles within 10 days.

This law, said Rector, provides that the state may accept as proof of financial responsibility from a motorist who has been involved in an accident, a bond up to $11,000, or cash sufficient to cover the probable amount of damage up to $11,000, or an automobile liability and property damage insurance policy.

This is not a new type of law, said Rector, as thirty-eight states and the District of Columbia, now have financial responsibility laws which upon occasion, require automobile owners and drivers to prove they can pay for accidents they cause within certain limits, or their driving licenses are suspended.

Crocker School Ends Victorious Sports Season

The Recreation Department of the Crocker school has closed a successful Spring 1948 Inter-school Season, under the leadership of Coach Bob Seiler (a senior physical education student at San Francisco State College).

On Monday, June 7, Miss Marjorie Tobias, principal of Crocker school, called an outdoor assembly at which time Coach Seiler distributed the awards for the track and swimming meets which were held at the football field and swimming pool of the Jefferson Union High School.

In track, 14 boys of the "A" team captured 30 awards while seven boys of the "B" team took 10 awards. On the girls' track teams, nine girls of the "A" division took 16 awards while the four winning girls in the "B" division took 11 awards. This combination of 34 winners were rewarded with 151 points to put Crocker school 60 points ahead of their next nearest contestants.

In the swimming meet, which was held Saturday, June 5, the boys' "A" division produced 14 winners with a total of 33 awards. The 10 winning boys in the "B" division captured a total of 22 awards, both divisions producing 83 points for their Alma Mater. The six girls of the "A" division had 21 awards and the three girls of the "B" division six awards, making a total of 46 points, or a grand total of 129 points for both the girls and the boys. This also put Crocker far in the lead, as their next nearest contestants trailed them by 81 points.

High point scorers of the swimming meet were Stanley Davis and Bob Segraves, both on the "A" team for Crocker and both with 11 points each. Joseph Bocci on the "B" team of Jefferson Eelementary School scored 14 points for his school, while Jim Herman on the "B" team of Crocker scored 11 points. High scorers for the girls were Betty Marsh of the Crocker "A" team, with a total of 18 points, and Mary Stone of the Perpetual Help "B" team, with 22 points.

The swimming meet total points for all schools in Daly City were as follows:

Boys "A" and "B" teams — Crocker School, 83; Jefferson Elementary, 14; Perpetual Help, 6, and Woodrow Wilson, 5.

Girls "A" and "B" teams — Crocker school, 46; Perpetual Help, 42; Woodrow Wilson, 4, and Jefferson Elementary, no participants.

The following awards were also given in intra-mural events at Crocker School: Tennis — Carol Clarke, medal; Jean Eliasen, 2nd, and Jackie Chambers, 3rd; girls handball—Theresa Delfino, medal; boys handball — James brocker, medal; Ed Raffo, 2nd; Len Adami and Jack Phillips, tied 3rd, and Dave Barraza, 4th.

At the end of the awards rally soda water was served to all award winners by Mrs. Effie Jordan, president of the Crocker P.T.A., assisted by Mrs. M. Seiler, Mrs. M. Anderson and Mrs. G. Blackburn.

Earlier in the season Crocker "A" and "B" basketball teams won the Daly City Championship Trophy — the "B" division winning all of their games and the "A" team dropping only one game to Perpetual Help school. In the softball league, Crocker team placed second to Jefferson Elementary School, winners of this event.

Showers Given Last Week For Nadine McDonnell

Miss Nadine McDonnell, who will walk down the aisle to become Mrs. Richard Lewis in a formal ceremony June 19, was the recipient last week of two bridal showers — one lingerie and one miscellaneous affair.

On Thursday, Nadine was feted by Mrs. Thelma Little at an evening reception at St. Francis Episcopal Church, where 13 friends assembled to shower her with miscellaneous personal and household gifts.

The refreshment table was centered with a white ice cream cake, topped with a miniature bride and surrounded by a circular arrangement of pink and white sweetpeas.

Guests were Mesdames Elizabeth Lafford, Janet Dittli, Bette Heskett, Cloudrine Baer, Mary Cappmeyer, June Richards, Eleanor Calvo, Rena Bomio, Virginia Kothgassner and I. Marticich, and Misses Doris Vernengo and Corrine Cuneo.

Miss Vernengo's home on Bellevue was the scene of a Friday night lingerie shower for Nadine.

Guests were seated at the dining room table which was marked with candy basket place cards and centered with a three-tier cake surrounded by gardenias and white tapers. The cake had been prepared by the hostess' sister, Mrs. John Bodmer.

Salads, hors d'oeuvres and desserts were the party fare.

Besides the many attractive lingerie gifts, Nadine was presented with a dainty blue and white garter by Mrs. Jerry Galindo, the former Barbara Gregor, who wore it at her wedding last fall. The garter was first presented by Doris to Lois Rich, for her marriage to Ralph Capps. Mrs. Capps, in turn, presented it to Barbara. This fall, the same garter will be worn by Verna Moresco, and later by Doris Vernengo, Corrine Cuneo and Kathleen Day, at their weddings.

Bid to honor Nadine were Mesdames Thelma Little, George Peroda, Ralph Capps, Jerry Galindo, A. L. McDonnell, the honoree's mother, John Bodmer and Charles Vernengo; Misses Verna Moresco, Kathleen Day and Jo Mollamb. Miss Corrine Cuneo and Miss Barbara Ford were unable to be present.

OFF THE BLOTTER

Several cars were damaged but no one was injured in auto accidents during the past week in and near Daly City.

Property damage resulted from a collision last Wednesday between cars driven by Frank H. Lartufka, San Francisco, and Ciseeio William, Sausalito. The accident occurred at Mission and School streets.

Cars owned by Mike Gojkovich, San Francisco, and James W. Seabolt, San Francisco, sustained damage on the same day in an accident at the Mission street-San Jose avenue intersection. Last Thursday, slight property damage resulted from an acident at Mission street and Knowles avenue. The mishap occurred when Zeb Vence Boyd, San Francisco, skidded while making a U-turn, and struck the car driven by Delbert Purcell, Seattle.

An accident last Friday at Junipero Serra boulevard and School street resulted in damage to cars driven by John Richard McAdams, Sausalito, and Faustino Giannini, 68 First avenue, Daly City.

All vehicles sustained slight damages Sunday in a three-car collision at the Mission street-Eastlake avenue intersection. The accident occurred when Charles R. King, of Los Angeles, whose car was stalled in the first lane of traffic on Mission street, flagged down a car driven by Cecil G. Blair, of San Francisco, and asked for assistance. It was early morning, and as Blair started to push King's automobile from the intersection, his own vehicle was struck from behind by a Greyhound bus, driven by Harold Calkins of San Pablo.

An accident Monday on Junipero Serra boulevard, about 100 feet north of the entrance to Highway No. 1, resulted in damage to cars owned by Richard D. Gravelle and John Gordon Smith, both of San Francisco.

A 17-year-old youth was cited for violation of the hillhold ordinance Sunday when his car, which had been parked at 73 Knowles avenue, rolled downhill and stopped against a water pipe at the corner of Knowles and Santa Barbara avenues.

Fire whistles and sirens screamed aver Daly City and Colma for some 15 minutes Wednesday morning, rousing irate residents from their sleep and waking neighborhood dogs for harmony. The alarm was sounded at approximately 4:20 a. m., after an explosion at 121 Garden Lane, in Garden Village.

Joseph Antone Schenone, 363 Niantic avenue, was taken to Junipero Serra Hospital for treatment last Saturday when he injured his hand, while attempting to change a tire on his truck. Police said the jack Schenone was using slipped, and its bolt pierced his hand.

William Hope, 711 Midway drive, Broadmoor Village, was taken into custody by the sheriff's office Saturday after he allegedly had shot two holes in the floor of his home. Daly City police appeared at the scene on request of the sheriff's office, to restrain Hope until Deputy Sheriff Lynch arrived.

FISHING AND HUNTING

Split Season on Pigeons?

Pigeon hunters have until Friday, June 11, to contact the Associated Sportsmen of California or the Division of Fish and Game with their desires in regard to a split season on band-tailed pigeons.

It has been suggested that the 1948 shooting dates be set September 1 to September 15, inclusive, for California north of San Francisco, and December 1 to December 15, inclusive, south of the Bay city.

The ASC will submit the majority findings to the State Fish and Game Commission and to the U. S. Fish and Wildlife Service for action.

Spiny-Rayed Fish Program

Fish and Game Commissioner William J. Silva of Modesto today agreed to act on the program of the Associated Sportsmen of California for the establishment of spiny-rayed fish in the Central Valley lakes and streams.

George Difani of Sacramento placed the issue in the Commission's hands at their Fresno meeting last month.

"More attention should be given to stocking Central Valley waters with black bass, blue gills, perch and other warm water fish," Difani stated. "By providing more fishing of this type a great deal of angling pressure will be removed from trout streams. Further, thousands of anglers prefer bass fishing."

Commissioner Silva will work with the ASC and the Bureau of Fish Conservation to develop a strong program, he said.

Sportsmen Meet at Chico

A strong rumor that the U. S. Bureau of Reclamation will release no water for migratory fish conservation in the San Joaquin River this year will be thoroughly discussed at the State Council meeting of the Associated Sportsmen of California at Chico Sunday, June 20.

The rumor, emanating from an unusually reliable source, is to the effect that all water releases from Friant and other San Joaquin Valley river dams under the Bureau's jurisdiction would be solely for irrigation purposes.

According to President Henry Clineschmidt, the ASC will lay plans to combat such a disastrous policy pending official confirmation of the rumor.

Other items on the agenda include:

A report on the pollution investigation now being conducted by Assemblyman Randall Dickey of Alameda. Bill McCall and Hal Wolfe will make the report, including the findings to date on the Woodland situation and the legislative, educational and promotional activities which must be undertaken by the ASC.

Two reports from President Clineschmidt, one on the triple meetings he attended at Salt Lake, June 2, 3 and 4, and the other on the fire prevention program. The meetings at Salt Lake were the Western Association of Game and Fish Commissioners, The American Fisheries Society, and the Western Federated Sportsmen.

The project for a winter range for deer near the town of Little Shasta in Siskiyou county, recommended by the Mt. Shasta Rod and Gun Club.

Sportsmen's Doings

District Council No. 8 of the Associated Sportsmen is asking why the restrictions on trout fishing in the Carmel River, and why Waddell Creek angling should not open May 1 rather than May 30. . . . The late storm in the Lake Almanor region crippled fishing the past two weeks, and the trout probably will not bite avidly until the natural food washed into the lake by the high waters has been consumed. . . . Nearly all streams of the Sierras are now high and roily, caused by melting snows, the result being a general falling off of fishing success. . . . However, Bear Creek and Hat Creek produced a few catches on Hellgramites. Salmon Flys just showing up. Water clearing up — no rain in sight. Best results in the Old Station, Shasta county territory reported on Fall and Rising River, on fly and late in the evening. Butte Lake opened May 30 and about 20 cars fought the snow, shoveling to open the road — practically every one took the limit — the largest a 10½ pound Rainbow caught with flat fish bait.

SPEEDING

Speed in itself does not cause accidents. Too great speed for traffic, weather, visibility, or other factors, does account for a majority of smash-ups.

Driving is a full-time job. Don't engage in sight-seeing or engrossing conversation while driving.

A wide variety of articles including watches, jewelry, clothing, cutlery, hosiery, stationery, books, mechanical equipment and almost everything from a crow-bar to a crutch will go over the auction block.

To give those interested an idea Postmaster William H. McCarthy has invited the public to a preview at the Main Post Office, 7th and Mission streets, on Monday, June 14, from 9 a.m. to 3:30 p.m.

The sale which is expected to continue through the following week will be conducted entirely by post office employees. It will start promptly each morning at 8:30 a.m. There are many thousands of different items and printed catalogs will be available without cost. All articles will be sold and everybody is welcome to bid for a bargain.

Italian Welfare Agency Seeks $25,000 Relief

The Italian Welfare Agency this week goes into the second phase of its drive to raise $25,000 to finance its humanitarian work for 1948-49.

With the slogan, "The Need Is Greater Now," the campaign stresses the urgent need of increasing agency personnel and facilities to take care of greatly increased social welfare work since the end of the war.

Louis A. Petri, drive chairman, pointed out that "unless more money is given now than ever before, the Agency will be unable to continue its very necessary activities."

He said that contributions were being received at campaign headquarters, 511 Columbus avenue, San Francisco 11, from all parts of northern California and thanked the newspapers and radio stations "for their invaluable cooperation."

Meanwhile, San Francisco's Mayor Elmer E. Robinson expressed his approval of the drive. "The goal is very modest," he said, "but the social services supplied and the many things done to help those who require aid is far more than the funds collected hope to pay for. I earnestly hope it will achieve complete success in this drive."

The Italian Welfare Agency — only organization of its kind in California — has been administering to the personal problems of citizens of Italian descent and to alien Italians seeking citizenship since 1916. It was formed to help Italians take a place in American life without placing a burden on existing welfare organizations.

NEWS FROM THE SCHOOLS

CROCKER

Thomas Costello, low sixth, now has a new brother. He was named John Patrick.

Many of the children of the high and low fifth in Mrs. Matzen's room saw some of the movie celebrities here this week end. The children went out to Merced to see the tournament.

Ronald Laureano has entered the low eighth from San Francisco.

The children of room 4 are working on their unit, "Pacific Area."

They were interested in finding out that there are more than seven thousand islands in the Philippines.

Jacquelyn Chambers of the high seventh left for San Bruno Wednesday. Her classmates are sorry to see her go, but wish her success and happiness in her new school.

Gary Anderson, high seventh, went to L.A. for two days to visit his aunt and uncle.

Bob Stone, high seventh, went to Clear Lake over the week end.

Lars Olsen, high fifth, went on a trip to Sacramento over the week end.

WOODROW WILSON

The students of the low seventh and high sixth grades are studying about the sheep industry of Australia. They have learned that there are two classes of sheep raised and that sheep growers of Australia prefer the wool sheep rather than the mutton sheep. The wool sheep is a skinny animal whose wool is very fine. Instead of having a smooth skin, the wool sheep, called the "merino breed," has a loose, wrinkled skin. The main reason the sheep growers prefer wool sheep is droughts. Wool has been the chief export of Australia since the days of sailing vessels.

Our room was thrilled that we have won a ten-dollar prize for having the largest percentage of mothers in the Parent Teachers Association. Now we must choose something to buy for our room that will not cost more than ten dollars. An atlas has been suggested. We wish to leave something that the other students who pass through this room will find useful.

The fifth grade boys and girls were very interested in the film shown this week for their social studies. It was the story of how Francis Scott Key wrote our nation's song, "The Star-Spangled Banner."

The boys and girls of the high fourth are learning about the two famous pyramids near Mexico City, "The Pyramid of the Sun" and "The Pyramid of the Moon." The Indians before the Aztecs used these pyramids as temples to worship the heavenly bodies which were so mysterious to them.

The fourth grade is working on a social studies vocabulary. This word list includes words used in early California history and Spanish and English. We are learning the meaning of Yankee trade, blubber, harpoon jerky, and such Spanish words as plaza, vaquero and riata. The dictionary is one source for these words and the text books on Early California is the other.

The children in the high third grade have been studying about the Pampas. South America has a great cattle country too and this is called the Pampas. This great cattle country is in Argentina. Argentina has great tree-less grassy plains. Enormous herds of livestock graze on the Pampas of Argentina. These herds are guarded by the South American cowboys, called gauchos, who ride over the open country just as our cowboys ride the Great Plains.

The children of the high and low third grade are now studying story acting. They enjoy it very much and like it very much and like to take stories from their readers.

U. C. Expedition Reports New Find

Two skeletons of Stone Age men and collections of stone tools have been found by the University of California African Expedition party on the west side of Lake Rudolf in Turkana Province.

This has been reported in a communication to the Berkeley campus from Wendell Phillips, leader of the northern party of the expedition. Phillips said that no skeletons previously have been recovered in this area, and the new discoveries may throw additional light on the spread of early men and their cultures.

One of the skeletons was found in peculiar mounds of stone on the surface of old lake deposits 300 feet above the present level of Lake Rudolf, while the second was found in a sandy flat nearby.

The mound skeleton was found by Professor P. E. P. Deraniyagala, director of the National Museums of Ceylon, while the second was discovered by Master Sergeant James L. Houle, of the U. S. Marine Corps, in charge of the expedition's transport.

The age of the implements found with or near the skeletons has not been determined, though there is little doubt of the antiquity of both, Phillips said. The tools are being studied by Dr. L. S. B. Leaky, curator of the Coryndon Museum in Nairobi.

Irving Berlin Musical Leaves S.F. Saturday, June 26

It is announced that "Annie Get Your Gun," the big Irving Berlin musical starring the lovely Mary Martin, will extend its engagement one week, with the run positively ending Saturday night, June 26. Immediately thereafter the colorful and exciting spectacle will board a special train for Chicago, where it will resume its record-breaking run that had to be interrupted to bring the show to San Francisco as the second event of the Civic Light Opera season.

"Annie Get Your Gun" is a must on every playgoer's list. It has scored a triumph in California as it did in New York and other cities, in all of which it has smashed box office records. "Annie" is a huge spectacle in every sense of the word. There are nine scenes and twenty-two musical numbers. A cast of more than 100 singers, dancers and actors assist in its story, which concerns the adventures of Annie Oakley, the world renowned sharpshooter who helped to make Buffalo Bill's Wild West show famous.

Irving Berlin has furnished the score with a dozen hits including "The Girl That I Marry," "Doin' What Comes Naturally," "You Can't Get a Man With a Gun" and many others. Popular matinees are given Wednesday and Saturday but there are no Sunday performances.

News Column For The Veterans

The 191,000 veterans enrolled in school or training on-the-job in the Veterans Administration Branch 12 area will receive an explanation of the increased subsistence allowances with their paychecks due about June 1.

In many cases the new increases will be paid automatically. Veterans in job-training will receive a special form to fill out. Veterans who wish to claim subsistence allowance for two or more dependents are urged by VA to follow instructions enclosed in the June 1 paychecks.

VA explained the first adjustments that possibly can be made will be in the June subsistence allowances payable on or shortly after July 1. It is more likely that most of the initial payments at the higher rates will not be made before the July checks are sent out about August 1.

The first payment the veteran receives at the new rate will include all retroactive increases due. Veterans requested by VA to furnish additional nformation will receive retroactive payments if they return the data requested before September 1.

Veterans Administration reminds all veterans training in schools under the G-I Bill that they automatically will be granted 15 days leave at the end of the present term.

Subsistence allowances will be paid and entitlement charged for this period.

Veterans who do not want their entitlement reduced by the leave, must notify VA in writing at least 30 days before the end of the present term.

Question: If I attend summer sessions at the college where I am enrolled under the education benefits of the G-I Bill, do I need a supplemental certificate of eligibility?

Answer: No. The only time you need a supplemental VA certificate of eligibility to attend summer school is when you transfer to another school for the summer term.

Question: Is it correct that training officers from Veterans Administration have been relieved of all responsibility for the direct supervision of World War II veterans training under the G-I Bill?

Answer: Yes. The change will permit VA's training officers to devote more time to the needs of disabled veterans training under the Vocational Rehabilitation Act.

DUTCH FLAT

Dutch Flat, Placer county, is reported, by National Automobile Club to have been one of the important mining towns during the '50's and to have had a population of over 6,000, including 3,500 Chinese. Most of the old buildings still stand in this picturesque place.

DEAD END

All too often the open highway becomes a "dead-end" street for the speeding motorist, warns the California State Automobile Association.

Wreckless driving — and note what a difference the W makes— is one form of automobile driving approved by all safety organizations.

INCREASED MOTOR VEHICLE PRODUCTION

American factories turned out almost 10 per cent more motor vehicles during the first four months of 1948 than they did during the first four months of 1947. By the end of April of this year they had produced 1,718, 737 total units as compared with 1,565,635 units produced during the same period last year.

The program starts at 10:30 o'clock and will feature Dr. Basil Peterson, president of the Orange Coast Junior College as the principal speaker. His topic is "A design for atomic living."

The graduating class will start the day with a class breakfast and then go to the graduation exercises. Lola Grieder Weds James Matteucci In Simple Rites

In a simple, quiet ceremony recently in the priests' house at St. James Church, Miss Lola Grieder, daughter of Mr. and Mrs. A. Grieder of Harlan, Montana, became the wife of James Matteucci of Daly City.

The nuptial rites were performed by the Rev. Meyers, while only a small group of family and friends looked on. A wedding supper at the home of the bridegroom's parents, Mr. and Mrs. Silvio Matteucci of 19 Cavour street, was served after the ceremony.

Garbed in a powder blue suit with brown complements, the bride pinned a corsage of orchids at her shoulder. Her only attendant, Gladys Matteucci, wore maroon with black accessories and a carnation corsage. Ralph Matteucci performed the duties of best man.

Penomania - - -

By Dave Hansen

Sunday in Daly City; Daly City in sunshine, church bells ring for mass, Saturday night revelers turn over for an extra few winks, and the cop at the top of the hill directs peninsula-bound flow of traffic.

Four-wheeled vehicles of all vintages and descriptions roll curbward from wideflung garage doors for a weekly christening of soapy water and chamois.

The rustic in heart shove off on country-bound expeditions, complete with picnic baskets, ball bats, offspring, DDT, and mother-in-law.

A few lawn mowers whir their screeching contribution to the week-end symphony, and the undertone of back fence conversations contributes to the neighborly buzz in each section of town.

Dressed and polished little people purchase lollipops and embark on their weekly crusade to the 'moom pitchas.'

The slap-thud of baseballs into mitts and gloves bespeak the attempts of the young in heart of the male population to act the part of big brother to their sons, while big brother is off in search of lighter, more frivolous pursuits in the family automobiles.

Many of the late sleepers make the last call to church, and the local creameries become the scene of friendly greetings and backstabbing whispers with the invasion of breakfasting, skylarking young moderns.

A few citizens, the contented and the lonely, enjoy the lazy beat of sunshine on their front porches, and a Sunday afternoon hush falls over the community.

Then the wavelike clouds of fog roll over the top of the hill, silently crowding out the sun, force past the smile of Daly City, choke down the larynx of Mission street, and glut the maw of the streets comprising San Francisco.

It is gray and damp, windy and not too pleasant when, through the silent, lonely streets, the flushed and sticky moviegoers return home; the sidewalks are wet, almost dank as the sunburned picnickers morosely unpack their equipment and contemplate tomorrow, the beginning of another week of work, school, or homemaking.

And the cop at the top of the hill directs the northbound, fog shrouded flow of creeping, coursing, thoroughfare choking traffic.

COASTING DOWNHILL

Many a motorist who coasted downhill out of gear just to save a little gas has ended up by losing his life.

'Little Players' Enjoy Week-End Trip To Felton

By Robert Neville

Last week end, Jeff's Little Players, a dramatic club at Jefferson Union High School, were guests of Miss Berna Sutton, their advisor, at her summer cottage in Felton.

The group left Daly City immediately after school Friday in two new sedans made available to the club by Ira C. Neville of the Ford Motor Co. at Colma, and driven by Mr. and Mrs. Neville.

The cottage was made ready by Miss Sutton's mother, who greeted them with refreshments and a warm, cheery fire in the fireplace. Nobody got much sleep Friday night, as it was too much trouble to shut the girls up. Most of the members were up and talking about a swim by 5:30 a.m.

During Saturday morning the club members saw the beautiful sights in and around Mount Hermon and Big Trees. They enjoyed much hiking on the many nearby trails, and the swimming was wonderful in a dam and a nice wide creek.

Saturday night everybody slept well — they were tired, and had also been warned that anybody who talked after 10:30 p.m. would go into the creek, clothes and all.

They enjoyed a delicious lunch before coming home Sunday, and it was topped off with a gallon of vanilla and chocolate ice cream—a gift of the Nevilles.

The following members went on the trip: LaVerne Anderson, Arlene Anderson, Richard Cox, Virginia Klepfer, Joyce Owenby, Terry Rocha, Jackie Berardy, Nancy McCaffrey, Bonnie Bryant, Alberta Smith, Margie Richardson, Allan Davis, Elaine Rocco and Robert Neville.

Fazzio Pitches Shutout

Fred Fazzio has been starring both on the mound and at the plate for the Abilene Blue Sox in the Western Texas - New Mexico League. In his last three outings, Fred has lost a heartbreaker while hitting one for two; collected two for three as a left fielder, and pitched a 4-0 shutout while batting two for three.

Fazzio's loss, his second of the season, came after it seemed as if the game were in the bag. Allowing two hits, two walks and three runs in the first inning, Fred hurled seven innings of perfect ball. Then came the disastrous ninth when Albuquerque tagged the Daly City lad for three hits and a walk, driving him from the mound and causing him a loss which seemed a certain victory until this rally. Final score, 7-5 in favor of Albuquerque.

Fazzio's next outing found him in the left field position where his powerful hitting could be utilized. Coming through with two of Abilene's four hits in four ab's, the next day's papers were full of praise for the pitcher that can hit.

Then came the game that still has all Abilene talking. "Firin' Fred," as the local papers refer to him, chucked a 4-0 shutout game, allowing six scattered hits, for his fourth win against two losses. This was not only Fazzio's first shutout, but it was also the first for the Blue Sox. It is easy to see, after reading some of Fred's clippings, that he is a big favorite with the sports writers of Abilene.

Lefty Wade Hazel, former Daly City Merchants teammate of Fazzio, and his present teammate at Abilene, has a 1 and 0 record after joining the Sox a little late.

Fourth Win For Freeman

Bill Freeman, Daly City's gift to the Yakima Packers, won his fourth game in as many starts to hold his pitching lead in the class 'A' Western International League. Pitching excellent ball for five and one-third innings of a scheduled seven - inning game, Bill was touched for a double, a single, a walk, and another double, (?) the latter being protested vigorously by Packer's manager, who claimed that the ball fell foul.

The umpire deliberated a while, consulted his "partner in crime," and decided that the double in question was fair and that three runs were driven in — exit our hero, but still leading 8-6. Relief pitcher Bob Drilling came through to save Freeman's fourth win. Bill hit two for two in this Memorial Day game, driving in one run and scoring another.

Freeman's record is doubly impressive considering the fact that his club is in last place, which would indicate "none-too-good" support.

Occasionally playing in left field, the local lefthander has tagged eight in 27 trips to the plate, driving home five teammates and scoring four times for a .337 batting average. Who says pitchers can't hit?

Mossi Strikes Out 15 Batters To Win Over Rogers A.C.

Allowing only one earned run, four coming in on errors, Don Mossi pitched the Colma Boys Club "A" team to a 6-5 victory over Rogers A.C. of San Francisco. Mossie showed the form that made him an all-PAL pitcher last year, getting touched for only five hits and striking out 15 batters.

Rogers' pitchers, Adair and Harris, did okay themselves, having allowed the Boys club only four hits, two by second sacker Micheletti and one apiece by Parodi and Lagomarsino.

This game, played last Sunday at Jackson Park, was Colma's second of the season, the first one being Ottonello's memorable 22 to 0 no-hitter the week before. With pitchers like Mossi and Ottonello, backed up by Lunghi, Morgan, Parodi, Micheletti, Olcese, Lagomarsino, Settrini, Silacci, Puricelli, and others, the Colma Boys Club nine is destined for a very successful season.

The Colma Boys Club "B's" won their game at Rolph Park on the same day by a 9 to 2 count. Colma's hurler, Morgan, held the Geneva Merchants to only six scattered hits, while second sacker Welp clouted three for four to aid the Club's cause.

SMOKE SIGNALS

By Carolyn Bucher

Goodbye for now, fellas and gals — with a few last hurried words in a senior memory book, or the exchange of a personal card with other seniors, the graduates are beginning to wake up to the fact that there are only two school days left at Jeff before graduation next week. Today and tomorrow will wind up most of the final exams for this year. For the graduates Monday is a holiday; Tuesday is the first practice for the graduation exercises to be presented for the student body during assembly period that same day; the final commencement exercises are to be held on Wednesday night, June 16, at 8 p.m. in the high school auditorium. Thursday, the day after graduation the senior picnic will be held at the Hearst Guest Ranch near Pleasanton.

Almost every student at Jeff can be seen carrying a thin, blue-covered book with an Indian head and "Tom Tom" printed on it in gold letters. The 1948 year book certainly has been in circulation since its arrival at Jeff last Tuesday afternoon. In every class you can see students with a mound of blue books piled on their desks and a group of anxious students waiting for a signature. If you are one of the grads, it's usually "Sign your senior picture, please."

Pershing P.T.A. Makes Extensive Plans For Term

Initial reports and plans for the new term's activities were heard last week at the General Pershing Parent Teacher Association meeting — the first regular session conducted by Mrs. Dolly Gensel, newly inaugurated president.

Reports were given by Mrs. Evelyn Gross, on finance, by Mrs. Frances Nenstiel, on the recent state convention at Sacramento, and by Mrs. Lillian Bloom, on auditing.

Among the numerous P.T.A.-sponsored activities being prepared for this year is the annual school picnic, scheduled for June 25 at San Mateo Park. All General Pershing school children, their parents and friends have been invited to participate. Plans also were made for the inception of the new year's sewing club, under the supervision of Mrs. Pearl Caine.

Speaker of the day was Mrs. Adalia DeBautista, newly selected parent education chairman, who spoke on "We Review Our Foundations." Mrs. Sylvia Eastham, school nurse, showed a motion picture film on personal hygiene for women.

Appointment of these committee chairman was ratified:

Mrs. Louise Eliasen, hospitality; Mrs. Marie Poole, finance and budget; Mrs. Lillian Bloom, pins and emblems; Mrs. Pearl Caine, sewing; Mrs. Frances Nenstiel, Founders Day; Mrs. Mary Lauffenberger, publicity and music; Mrs. Marge Calvin, art and membership; Mrs. Ann Faragher, sunshine; Mrs. Betty White, magazines and tea service; Mrs. Ann Ingersoll, health; Mrs. Adalaide Theuner, citizenship; Mrs. Adalia DeBautista, parent education; Mrs. Ann Eason, motion pictures and recreation, and Mrs. Carol Freeland, program.

D.C. Baseball Club Wins Again

The Daly City Baseball Club choked a ninth inning rally one run short of a tie last Sunday, and pitcher Fred Lucia annexed his fourth straight win. The opponents, Mike Chelini's nine, were behind 6-2 in the ninth inning when they began to connect, pounding home three runs before Lucia and mates cut them short of victory.

Fred Luccia had pitched seven innings of no-hit, no-run ball while his teammates were piling up six runs against 14-year-old Cereghino, the kid pitcher from Colma. Harry Krohn collected three for three and Sick garnered two for two, but young Cereghino allowed only two other hits for a total of seven.

Lucia only allowed six hits, all in the eighth and ninth frames. It looked as if the game were going to be a lopsided shutout until Mike Chelini's boys cuffed across two in the eighth and three more in the ninth to make the game one of the most exciting in several weeks.

The meeting was presided over by Mrs. Hilda Dennis, president.
